Ouled Brahem, BBA, Algeria

PROFILE

I'm an engineering student and a multi-disciplinary, hardware-focused leader with entrepreneur vision, capable of bringing multi-faceted, dynamic ideas and technical projects to life. My background is in mechanical and systems engineering, but I've since expanded my skillset to include executive production of video and visual art, structured, dynamic, sense of responsibility, teamwork and fast learner.

LANGUAGE

Arabic ██████████
English ██████████
French ██████████

SKILLS

- SolidWorks
